#### **INDEPENDENT AUDITOR'S REPORT**

Board of Directors Mecosta Osceola Consolidated Central Dispatch Authority 20701 Northland Drive Paris, MI 49338

We have audited the accompanying financial statements of the business-type activities of the Meceola Consolidated Central Dispatch Authority as of and for the year ended December 31, 2004, which collectively comprise the Authority's basic financial statements as listed in the Table of Contents. These basic financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Meceola Consolidated Central Dispatch Authority as of December 31, 2004, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

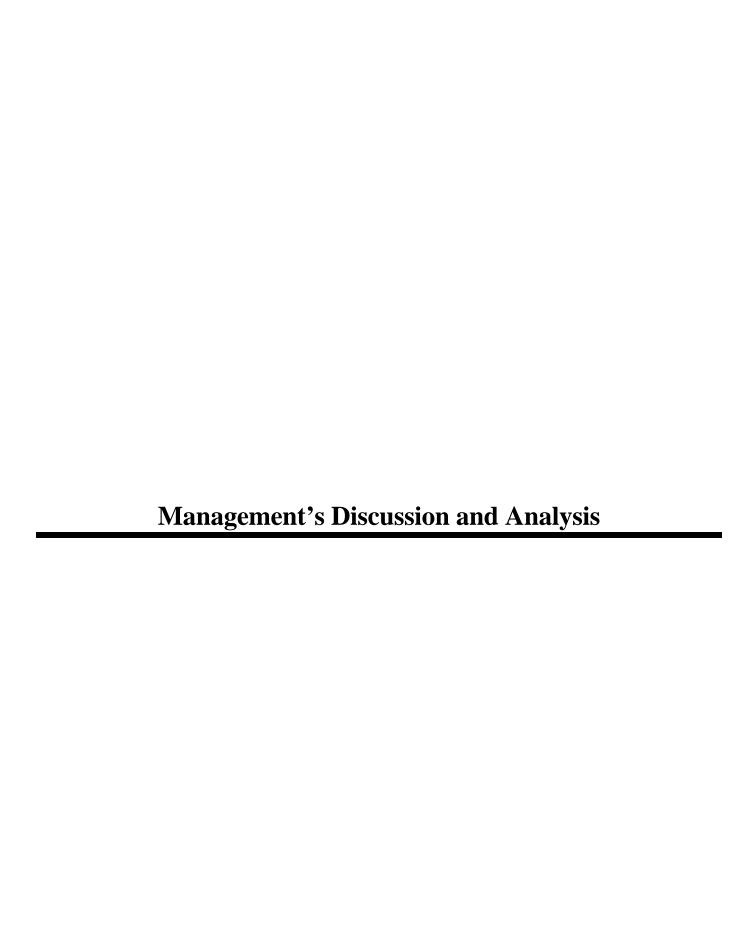

The Meceola Consolidated Central Dispatch Authority implemented the provisions of Governmental Accounting Standards Board Statement No. 34, <u>Basic Financial Statements – and Management's Discussion and Analysis – For State and Local Governments</u> as of January 1, 2004. This results in a change in the format and content of the basic financial statements.

The Management's Discussion Analysis as listed in the table of contents is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion and Analysis December 31, 2004

#### **Using this Annual Report**

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Revenues, Expenses, and Changes in Net Assets provide information about the activities of the Authority as a whole and present a longer-term view of the Authority's finances.

#### The Authority as a Whole

The Authority's combined net assets increased 13.1% from a year ago from \$1,505,504 to \$1,703,437.

The Authority implemented GASB-34 accounting procedures for the period beginning January 1, 2004; therefore a comparative analysis cannot be performed this year. A comparative analysis will be provided in future years when prior year information is available.

In a condensed format, the table below shows the net assets of Meceola Consolidated Central Dispatch Authority.

	Business-Type Activities 2004
Current Assets	\$ 842,770
Noncurrent Assets	1,078,743
Total Assets	1,921,513
Current Liabilities	193,066
Long-Term Liabilities	25,010
Total Liabilities	218,076
Net Assets	
Invested in Capital Assets -	0.40.001
Net of Debt	948,981
Unrestricted (Deficit)	<u>754,456</u>
Total Net Assets	\$ 1,703,437

Management's Discussion and Analysis December 31, 2004

The current level of unrestricted net assets for our business-type activities stands at \$754,456, or about 67.4% of expenses. This is within the targeted range set by the Authority's Board of Directors during its last budget process.

The following table shows the activities of the Authority.

	Business-Type Activities 2004
Revenues	
Charges for Services	\$ 1,306,792
Other Revenues	9,693
Total Revenues	1,316,485
Expenses	
Operations	951,649
Depreciation Expense	166,904
Total Expenses	1,118,553
Change in Net Assets	<u>\$ 197,932</u>

Management's Discussion and Analysis December 31, 2004

#### **Business-Type Activities**

The Authority's total business-type revenues decreased by approximately \$33,724, this was primarily due to the decrease in revenues from surcharges on phone lines.

Expenses increased by about \$116,413 during the year. This was primarily the result of an increase in health liability insurance, retirement costs, and the L.I.E.N. lease.

#### Capital Asset and Debt Administration

At the end of 2004, the Authority had \$1,078,743 invested in a broad range of capital assets, including land, buildings, and equipment.

The Authority had \$25,010 in long term debt obligations at year end.

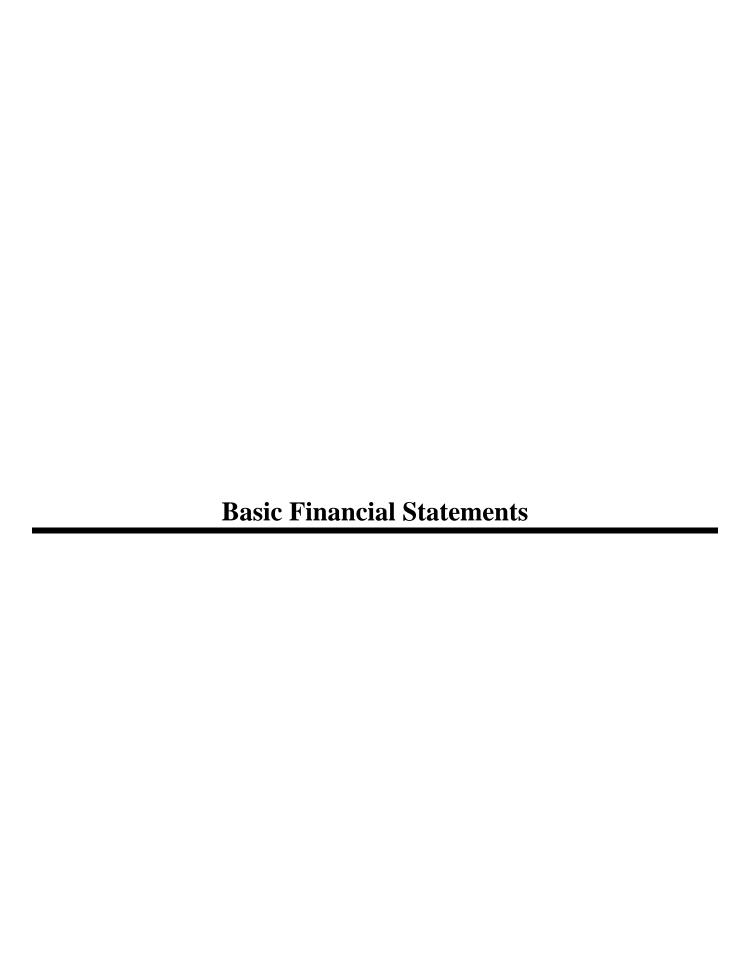

#### Economic Factors and Next Year's Budgets and Rates

A direct reflection of a soft economy, the Authority's 2005 budget will be tight essentially a "hold the line" document when compared to the 2004 program.

Insurance costs continue to increase.

#### Contacting the Authority's Management

This financial report is intended to provide our citizens, taxpayers, customers and investors with a general overview of the Authority's finances and to show the Authority's accountability for the money it receives. If you have any questions about this report or need additional information, we welcome you to contact the Authority at 20701 Northland Drive, Paris, MI 49338.

Increase (Decrease) in Liabilities:	(15 (55)
Accounts Payable	(15,675)
Accrued Interest Payable	 8,371
Net Cash Provided by Operating Activities	 355,918

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Meceola Consolidated Central Dispatch Authority conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. The Authority is classified as a business-type activity in accordance with GASB Statement #34. The following is a summary of the significant accounting policies used by the Authority:

#### A – Reporting Entity:

#### **Financial Reporting Entity**

The financial statements of the Authority include the following operations: Wireless, hard-wired and the internal cost communication center. The operations listed above are included because the Authority has direct oversight responsibility over each operation.

The Authority was organized in 1993, by Mecosta and Osceola Counties, Michigan, for the purpose of acquiring, owning and operating an enhanced emergency response system within the boundaries of the participating counties. The Authority is funded by a 16% surcharge on phone lines within the Counties.

The Authority is controlled by a nine member Commission. The Commission is comprised of a representative from the Michigan State Police, three members from Mecosta and Osceola Counties each, one member from the Michigan Sheriff's Association, and one member from the county whose sheriff is not appointed by the Michigan Sheriff's Association. The Authority elects from its members, a Chairperson, Vice-Chairperson, Treasurer and Secretary.

#### **B** – Basic Financial Statements

The basic financial statements (i.e., the statement of net assets and the statement of revenues, expenses and changes in net assets) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements.

#### C – Measurement Focus, Basis of Accounting and Financial Statement Presentation:

The basic financial statements are reported using the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

All other revenue items are considered to be available only when cash is received by the government.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Private-sector standards of accounting issued prior to December 1, 1989 are generally followed in the financial statements to the extent that those standards do not conflict with the standards of the Governmental Accounting Standards Board. The government has elected not to follow private-sector standards issued after November 30, 1989 for its business-type activities.

Business-type activity funds distinguish operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of our proprietary funds relate to surcharges on phone lines within both counties. Operating expenses for proprietary funds include the cost of sales and services, and administrative expenses. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

#### D - Assets, Liabilities, and Net Assets or Equity

<u>Bank Deposits and Investments</u> – Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value. Deposits are recorded at cost.

<u>Inventories and Prepaid Items</u> – All inventories, including the cost of supplies, are expensed when purchased. Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid items in government-wide financial statements.

<u>Capital Assets</u> – Capital assets, which include property, plant, and equipment, are reported. Capital assets are defined by the government as assets with an initial individual cost of more than \$500 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

<u>Depreciation</u> – Property, plant and equipment is depreciated using the straight-line method over the following useful lives:

Buildings40 yearsBuilding Improvements15-39 yearsEquipment and Vehicles5-20 years

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Use of Estimates</u> – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the reporting period. Actual results could differ from those estimates.

#### NOTE 2 - CASH AND EQUIVALENTS

#### **Statutory Authority:**

Michigan law (Act 196 PA 1997) authorizes the Authority to deposit and invest in one or more of the following:

- a. Bonds, securities and other obligations of the United States or an agency or instrumentality of the United States.
- b. Certificates of deposit, savings accounts, deposit accounts or depository receipts of a financial institution that is eligible to be a depository of funds belonging to the State under a law or rule of this State or the United States.
- c. Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and matures not more than 270 days after the date of purchase.
- d. Repurchase agreements consisting of instruments listed in a.
- e. Bankers acceptance of United States banks.
- f. Obligations of this State or any of its political subdivisions that at the time of purchase are rated as investment grade by not less than one standard rating service.
- g. Mutual funds registered under the investment company act of 1940, Title I of Chapter 686, 54 Stat. 789, 15 U.S.C. 80a-1 to 80a-3 and 80a-4 to 80a-64, with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.
- h. Obligation described in a. through g. if purchased through an interlocal agreement under the urban cooperations act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512.

#### NOTE 2 - CASH AND EQUIVALENTS: (Continued)

- i. Investment pools organized under the surplus funds investment pool act, 1982 PA 367, 129.111 to 129.118.
- j. The investment pools organized under the local government investment pool act, 1985 PA 121, MCL 129.141 to 129.150.

The Authority's deposits are in accordance with statutory authority. The Authority's deposits are located in local financial institutions. All deposits are carried at cost.

Balance Sheet Account	<u>Cash Items</u>	
Cash Investments and Equivalents	Checking \$ 636,278 Investments	\$ 367,992 268,286
	<u>\$ 636,278</u>	<u>\$ 636,278</u>

The deposit risk disclosures as required by Governmental Accounting Standards Board (GASB) Statement No. 3 are summarized as follows:

	Insured	ΙI	ninsured	Bank Balance	Carrying Amount
Checking and Savings	\$ 200,000	\$	338,106	\$ 538,106	\$ 367,992

The Authority's deposits are approximately 37% covered by FDIC insurance.

#### NOTE 3 - INVESTMENTS:

The Authority's investments are categorized below to give an indication of the level of risk assumed by the Authority at year-end. Category 1 includes investments that are insured or registered or for which the securities are held by the Authority or its agent in the Authority's name. Category 2 includes uninsured and unregistered investment for which the securities are held by the broker's or dealer's trust department or agent in the Authority's name. Category 3 includes uninsured or unregistered investments for which the securities are held by the broker or dealer or by its trust department or agent but not in the Authority's name.

Investment Type		Category	Carrying	Fair	
	1	2	3	Amount	Value
Total Risk-

Less accumulated depreciation for:			12.00=		1
Buildings Equipment		143,615 450,724	13,897 153,007	 1,677	157,512 602,054
Subtotal		594,339	 166,904	 1,677	 759,566
Net Capital Assets being Depreciated		455,021	613,599	 406	1,068,214
Total Capital Assets – Net of Depreciation	<u>\$</u>	751,476	\$ 613,599	\$ 286,332	\$ 1,078,743

#### NOTE 5 - ACCRUED COMPENSATED ABSENCES:

Recognition is made for the liability existing for unused benefits at December 31, 2004, as follows:

	 2004
Vacation	\$ 15,025
Sick leave	10,916
Compensatory time	 1,252
TOTAL ACCRUED COMPENSATED ABSENCES	\$ 27.193

#### **NOTE 5 - ACCRUED COMPENSATED ABSENCES: (Continued)**

Sick leave is lost if the employee is terminated and is stipulated by the union contract covering the employee group. An employee who accumulates more than 160 hours of sick leave as of December 31, each year will be paid for 50% of all sick days in excess of 160 hours at the rate of pay in effect on December 31, of the current year and shall have the number of accumulated hours reduced accordingly. As of December 31, of each year a computation will be made to determine the number of accumulated vacation days for each employee. Any employee who has accumulated more than 160 hours of vacation shall be paid for all hours in excess of 160 hours at the rate of pay in effect on December 31, of the current year and shall have the number of accumulated hours reduced accordingly. Compensatory time is time worked in excess of 40 hours and is paid at time and one-half.

#### NOTE 6 - RELATED ORGANIZATIONS:

Mecosta and Osceola Counties each passed resolutions establishing the Mecosta Osceola Consolidated Central Dispatch Authority with Mecosta County having a 60 percent interest and Osceola County having a 40 percent interest.

#### NOTE 7 - MAJOR SOURCES OF FUNDS:

A significant amount of the revenue of the Mecosta Osceola Consolidated Central Dispatch Authority is derived from 911 telephone surcharges that must be periodically renewed by voters. The loss of telephone surcharge revenue from one of the Counties would have a significant affect on the Authority's ability to continue its operations.

#### NOTE 8 - NOTE PAYABLE:

The Authority executed one promissory note with a local financial institution. The term of the note includes monthly payments of \$9,075, 5% interest, secured by equipment due in March 2006.

Balance, January 1, 2004	\$	229,456
Additions		-
Deletions (payments)		(99,694)
,		
Balance, December 31, 2004	<u>\$</u>	129,762

Maturities of principal over the remaining life of the notes payable are summarized as follows:

Fiscal Year	<u>Principal</u>	Interest				
2005	104,752	4,151				
2006	25,010	1,371				
Total	\$ 129,762	\$ 5,522				

#### **NOTE 9- RISK MANAGEMENT:**

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The government was unable to obtain general liability insurance at a cost it considered economically justifiable. The government joined together with other governments to form a public entity risk pool currently operating as a common risk management and insurance program for any and all transit commissions, agencies, districts, authorities, boards, and similar entities. The government pays an annual premium to the pool for its general insurance coverage. The agreement for formation provides that the pool will be self-sustaining through member premiums.

The government continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The pooling agreement allows for the pool to make additional assessments to make the pool self-sustaining. It is not possible to estimate the amount of such additional assessments.

#### **NOTE 10 - POST EMPLOYMENT BENEFITS:**

The Authority provides health insurance coverage to the retired employees of the governmental unit. The health insurance coverage is similar to the coverage provided to current employees. The Authority submits payment to the health insurance provider for the premiums on a monthly basis. These premiums are reimbursed to the Authority by the retired employees in the preceding month. During 2004, premiums of \$0 were submitted to the health insurance provider.

#### NOTE 11 - RETIREMENT PLAN:

#### Description of Plan and Plan Assets

The Authority is in an agent single-employer defined benefit pension plan with the Municipal Employees' Retirement System (MERS), administered by the State of Michigan. The system provides the following provisions; normal retirement, deferred retirement, and service retirement to plan members and their beneficiaries. The service requirement is computed using credited service at the time of termination of membership multiplied by the sum of 1.7 percent times the final compensation (FAC). The most recent period of which actuarial data was available was for the fiscal year ended December 31, 2003.

#### **NOTE 11 - RETIREMENT PLAN: (Continued)**

MERS was organized pursuant to Section 12a of Act #156, Public Acts of 1851 (MSA) 5.333(a); MCLA 46.12(a), as amended, State of Michigan. MERS is regulated under Act No. 427 of Public Acts of 1984, sections of which have been approved by the State Pension Commission. MERS issued a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to the MERS at 447 North Canal Street, Lansing, Michigan 48917-9755.

#### **Funding Policy**

The obligation to contribute to and maintain the system for these employees was established by negotiation with the Authority's competitive bargaining unit and personnel policy, which require employees to contribute to the plan. The Authority is required to contribute at an actuarially determined rate. The contribution rate as a percentage of payroll at July 1, 2005 is 10.05%.

#### **Annual Pension Cost**

During the fiscal year ended December 31, 2004, the Authority's contributions totaling \$57,972 were made in accordance with the contribution requirement determined by an actuarial valuation of the plan as of December 31, 2003. The employer contribution rate has been determined based on the entry age normal funding method. Under the entry age normal cost funding method, the total employer contribution is comprised of the normal cost plus the level annual percentage of payroll payment required amortizing the unfunded actuarial accrued liability over 30 years. The employer normal cost is, for each employee, the level percentage of payroll contribution (from entry age to retirement) required to accumulate sufficient assets at the member's retirement to pay for this projected benefit. Significant actuarial assumptions used include a long-term investment yield rate of 8 percent and annual salary increases of 4.5 percent based on an age-related scale to reflect merit, longevity, and promotional salary increases. Employees of the Authority are not required to contribute to the plan.

Three year trend information as of December 31, follows:

	2001			2002	2003	
Actuarial Value of Assets	\$	440,067	\$	505,213	\$	603,038
Actuarial Accrued Liability		570,390		661,811		760,286
Unfunded AAL		130,323		156,598		157,248
Funded Ratio		77%		76%		79%
Covered Payroll		451,582		475,923		523,092
UAAL as a Percentage of						
Covered Payroll		29%		33%		30%

#### **NOTE 12 - DUE FROM OTHER GOVERNMENTS:**

In 2001, the Authority purchased new equipment that is used by various governments in the area. These governments must pay a fee for using the equipment. The arrangement executed in 2001 was payment (in full) in 60 months at 5% interest.

	01/01/04		Additions		Deletions		12/31/04	
Ferris State University City of Big Rapids	\$	21,973 14,520	\$	- -	\$	(13,553) (14,520)		8,420
	<u>\$</u>	36,493	\$	<u>-</u>	\$	(28,073)	\$	8,420

#### NOTE 13 - CHANGE IN ACCOUNTING PRINCIPLE:

Effective January 1, 2004, the Authority implemented several new accounting standards issued by GASB:

Statement No. 33, <u>Accounting and Financial Reporting for Non-Exchange Transactions</u>, as amended by Statement No. 36, <u>Recipient Reporting for Certain Shared Non-Exchange Revenues</u>, which establishes standards for recording non-exchange transactions on the modified accrual and accrual basis of accounting.

Statement No. 34, <u>Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments</u>, as amended by Statement No. 37, <u>Basic Financial Statements – Management's Discussion and Analysis – for State and Local Governments Omnibus</u>, which established new financial reporting standards for state and local governments. This statement requires significant change in the financial reporting model used by local governments, eliminating account groups and utilizing full accrual basis of accounting and the economic resources measurement focus. Another significant change is the Management Discussion and Analysis Section, which provides an overall analysis of the financial position and results of operations and conditions that could have significant effect on the financial position or results of operations.

Statement No. 38, <u>Certain Financial Statement Note Disclosures</u>, which requires certain note disclosures when implementing GASB Statement 34.

#### REPORT TO MANAGEMENT

Board of Directors Meceola Consolidated Central Dispatch Authority 20701 Northland Drive Paris, MI 49338

We have audited financial statements of the Meceola Consolidated Central Dispatch Authority for the year ended December 31, 2004, and have issued our reports thereon dated July 19, 2005. Professional standards require that we provide you with the following information related to our audit.

#### Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter, our responsibility, as described by professional standards, is to plan and perform our audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement and are fairly presented in accordance with U.S. generally accepted accounting principles. Because an audit is designed to provide reasonable, but not absolute assurance and because we did not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us.

As part of our audit, we considered the internal control of the Meceola Consolidated Central Dispatch Authority. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

#### **Significant Accounting Policies**

Management has the responsibility for selection of appropriate accounting policies. In accordance with the terms of our engagement, we will advise management of the appropriateness of the accounting policies and their application. The significant accounting policies used by the Meceola Consolidated Central Dispatch Authority are described in Note 1. No new accounting policies were adopted and the application of existing policies was not changed during the fiscal year. We noted no transactions entered into by the Meceola Consolidated Central Dispatch Authority during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus. The Authority did implement GASB Statement #34 during 2004.

#### **Accounting Estimates**

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Our conclusions regarding the reasonableness of the estimates are based on reviewing and testing the historical data provided by management and using this data to compute the liability.

#### **Audit Adjustments**

For purposes of this letter, professional standards define an audit adjustment as a proposed correction of the financial statements that, in our judgment, may not have been detected except through our auditing procedures. An audit adjustment may or may not indicate matters that could have a significant effect on the Meceola Consolidated Central Dispatch Authority's financial reporting process (that is, cause future financial statements to be materially misstated). Our audit adjustments, individually and in the aggregate, have a significant effect on the financial reporting process.

#### **Disagreements with Management**

For purposes of this letter, professional standards define a disagreement with management as a matter, whether significant or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

#### **Consultation with Other Independent Accountants**

In some cases, management may decide to consult with other accountants about accounting and auditing matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Meceola Consolidated Central Dispatch Authority or a determination of the type of auditor's opinion to be expressed on those statements, our professional standards require the consulting accountant to advise us as to determine the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### **Issues Discussed Prior to Retention of Independent Auditors**

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Meceola Consolidated Central Dispatch Authority's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

#### **Difficulties Encountered in Performing the Audit**

We encountered no significant difficulties in dealing with management in the performance of our audit.

#### **Comments and Recommendations**

**Audit Report Filing (prior year)** – Section 406 of Public Act 81 of 1999 requires the authority to perform an annual audit within 180 days of year end. The audit was not performed within that time frame for fiscal 2000, 2001, 2002, 2003, or 2004. Additionally, prior year audits were not performed.

**Prepaid Insurance (prior year)** – It was noted that prepaid insurance was misstated. Management should regularly reevaluate the amount recorded to reflect the actual amount that is prepaid.

**Assets Disposals** (**prior year**) – It was noted that the Authority acquires and disposes of assets throughout the year; however the Board does not approve these activities. It is recommended that the Board approve all asset acquisitions and disposals.

**Accounts Receivable** – The Authority receives revenue from miscellaneous telephone companies throughout the year. Since there are many small telephone companies, this revenue is combined approximately twice a month and deposited. This year it was difficult to determine what invoices belonged to which deposits when trying to determine accounts receivable. It is recommended that the Authority stamps each invoice with the date received and attache a copy of each invoice to the deposit listing.

**Due from Other Governments** – The City of Big Rapids has a contract with the Authority to pay a fee for use of their equipment. The City of Big Rapids paid the debt off in full in July of 2004. Instead of posting to Due to Other governments, the revenue was posted as a reduction to Fixed Assets. It is recommended that revenue is posted to the correct account to provide an accurate accounting of assets and liabilities.

#### **Conclusion**

We would like to express our appreciation, as well as that of our staff for the excellent cooperation we received while performing the audit. If we can be of assistance, please contact us.

This report is intended solely for the information and use of the Members of the Board, management, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
